GPBR Mission Statement

"We exist to assist members in reaching their goals by providing professional services and education to our members and to the public, to ensure high ethical standards, and to promote community awareness of real property issues and equal opportunity in housing."

In addition to providing valuable resources to its members, the GPBR is also actively involved in the community.

- Smart Growth & Placemaking projects to support growth and development in the Pointes and surrounding communities.
- Sunday Open house list published on our website and through social meeting available to the public.
- Collaboration with local governments and schools, helping to keep REALTORS® apprised of important initiatives occurring in the communities they serve.
- The annual Home & Lifestyle Expo which brings vendors together as a resource for the public that support the ideals of home ownership and property values.
- Charitable work through donation collection, awareness, and other fundraising efforts. For example, the collaboration with Guardian Angels Medical Service Dogs, a non-profit organization that trains and pairs service dogs with those in need. Meet "GP" below, a German Shepard whose training is being funded through donations collected by GPBR REALTORS® and will be placed with an individual here in Michigan.
